- Section 1: Nominations. On or before August 1st of each year the Chapter President shall appoint a Chapter Nominations Committee and Chairperson thereof, composed of not less than three nor more than five members of the Chapter with not more than two committee members coming from the same firm, university, or government organization. This Committee shall select a slate of candidates for officers of the Chapter. The President, all Vice Presidents, Secretary and Treasurer will be "elected" positions. It is preferred, but not directed, that the nomination for the President's position be reserved for an individual who has served as an AFCEA Chapter Officer in the past. The Chairperson of the Chapter Nominations Committee, who may not be nominated for an officer position, will be announced during the August monthly Chapter meeting. The Chapter Nominations Committee shall not place or have placed on a ballot more than two names of candidates from one firm, university, or government organization for election to Chapter office. After the nominees are selected and after ascertaining the proposed candidates will accept the posts indicated, the Chairperson of the Chapter Nominations Committee will submit the list of candidates for officers and directors to the Chapter Secretary who shall mail this slate of candidates to all members before October 1st. Any group of twenty or more members in good standing of the Chapter may submit to the Chairperson of the Chapter Nominations Committee the name of a candidate or list of candidates. Such a petition shall be in the hands of the Chapter Nominations Committee within 30 days of the date of mailing of the slate of nominations.

Section 2: Elections. Should there be no nominations submitted by petition within the prescribed 30 days and no competing candidates listed by the Chapter Nominations Committee for any office or offices, the slate of candidates shall be declared elected. Should there be competing candidates, the Chapter Secretary shall prepare and mail a written ballot for the contested offices to all qualified members before November 1st. (Note: email is an acceptable means of conveyance if valid email addresses are known for members. If email addresses are not known, US Postal Service or private mail carrier will be the only other means to convey the ballot.) Votes are considered responsive if the ballots are properly marked, mailed/emailed back to the Secretary, and post-marked/dated or emailed not later than 30 days after the day the ballots were mailed. Late ballots, unofficial ballots, or hand-delivered ballots will not be considered responsive or valid. Upon receipt of the ballots, the Chapter Secretary will submit them to the Chapter Nominations Committee Chairman for counting. The candidate receiving the highest number of votes shall be declared elected. In the event of a tie vote, a run-off election will be conducted using the above-specified procedures (the incumbent officer will be asked to continue to serve until a new officer is elected). An online survey tool, approved by the Board of Directors, may be used in lieu of the above procedures.
