

BIOGRAPHY

UNITED STATES AIR FORCE

JENNIFER A. BAKER

Jennifer A. Baker is the Enterprise Capabilities Branch Chief within the Air Force Sustainment Center Chief Information Technology Officer (AFSC/LG). As branch chief, she provides Center oversight of Information Technology (IT)/Operational Technology (OT) to ensure efficient/effective Cyber Security and implements IT improvements using Industry 4.0 digital solutions. She provides strategy, leadership, and guidance to create a unified information management and technology vision for the Center and enables adoption of operational & tactical IT through apps/data/networks.

Prior to Ms. Baker's current assignment, she served within the Logistics Directorate at Wright-Patterson AFB, Ohio as a Supply Requirements Branch Chief and Business Operations Branch Chief. During these assignments she provided overarching Supply Chain Process direction and defined resource requirements to meet strategic plan outcomes.

Ms. Baker entered civil service directly out of college in 2001 as a Palace Acquire Intern within Headquarters (HQ) Air Force Materiel Command (AFMC) Cyberspace Operations Group. Serving over 20 years as a Federal Civil Service employee at WPAFB as an Information Technology Specialist who has performed Business Operations supervisory oversight, IT Project Manager, IT Program Manager, Contracting Officer Representative, IT liaison and Portfolio Management.

EDUCATION, PROFESSIONAL MILITARY EDUCATION (PME) & CERTIFICATIONS:

2001 Bachelor of Science, Management Information Systems, Wright State University

2010 APDP Program management (PM) Level I Certified

2014 APDP IT Level III Certified

2017 Air Command & Staff College (ACSC), Air University

2017 Master of Military Operational Art and Science, Air University

2018 Emerging Leader Masters Certificate, University of Dayton
